

# YEAR 6 Summer 1 2026

Mrs Walsh, Miss Whiteley  
& Miss Wild

## Welcome To Year 6!

Wow! We are already in the summer term and what a lot we have planned. Year 6 have their SATs this half term and the children really have continued to demonstrate to everyone how committed and focused they are. We know that the children will try their very best and make us, you and themselves proud. We have been busy planning lots of exciting activities for the children at the end of the summer term, including the STEM Festival and a trip to Blackpool Zoo. More information will follow about these later this half term!

## Reminders

This half term PE is on Wednesday and Friday. Your child needs to come in their PE kit that day. We will try and do PE outside as much as possible so please send your child in appropriate clothing.

If children are bringing their own packed lunches to school, please can we remind you that we are a nut free school.

Homework: sent home every Friday and be returned the following Thursday

Reading books: sent home fortnightly on a Wednesday  
and to be returned 2 weeks later on a Monday.

## Curriculum Focus

English: Wildlife Conversation

- Writing to Persuade—Persuasive email in role as a chosen animal to plead for a change to how humans look after the world we live in.
- Writing to Discuss - A Balanced Argument: Conservation

We will also be recapping SPAG terminology and application, along with comprehension skills that include inference, retrieval and prediction.

**Maths:** We will continue to consolidate our arithmetic knowledge and apply these skills to a variety of problem solving and reasoning skills.

**Art:** Painting and mixed media: Artist study - Kate Lycett

**Computing:** Programming—Python / Online Safety

**Geography:** Can I carry out an independent fieldwork enquiry?

**MFL:** Visiting a town in France

**Music:** Baroque

**PE:** Striking and fielding

**RE:** What is the significance of Easter, Ascension and Pentecost? / What do Hindu people believe about God?

**Science:** Light—How do we see? How do we recognise how shadows are created? How can light change?

STEM Project: Exploring Earth's orbit data for a sustainable future.
